

HOSPICECARE AND PALLIATIVE MEDICINE CONSULTS

With specialized training in the physical, emotional, and spiritual dimensions of pain and symptom management, HospiceCare of Boulder and Broomfield Counties has long been the preferred choice of physicians in our region. We offer palliative medicine consults to assist you, along with your patients and their families, in addressing goals for care in life threatening and end-of-life situations. Whether it's advising on symptom management or complex palliative care issues or treatment, we have the expertise you can count on. Our medical team takes your patients' care as seriously as you do, so you can be comfortable knowing that they're getting the level of experience you can trust.

We offer our palliative care consults wherever it's most convenient for your patients.

Billing:

- The palliative medicine consult is billed using *symptom* codes.
- The attending physician continues to bill using *primary diagnosis* codes.

Requesting a Palliative Medicine Consult

It's simple! Just call HospiceCare at 303.449.7740 and ask for a medical consult. Within 24 hours, we'll see your patient, take care of the necessary paperwork, and provide you a consult report.
